# EDITIONS

THESE VIBRANT HAND EMBELLISHED EDITIONS FROM CRAIG ALAN OVERFLOW WITH COLOUR, CREATIVITY, WIT AND PURE JOIE DE VIVRE.

"I was looking to add more color to my Populus series while simultaneously relating to social attitudes that are now mainstream. I've chosen to use bright colors in demonstrating gravity by having the people pouring and painting on their surface. This allows the people to change their environment; we all have a responsibility to leave the world a little brighter than when we entered it. I try to do this every day through what I create on the surface in the hope of affecting people's points of view in a positive way."

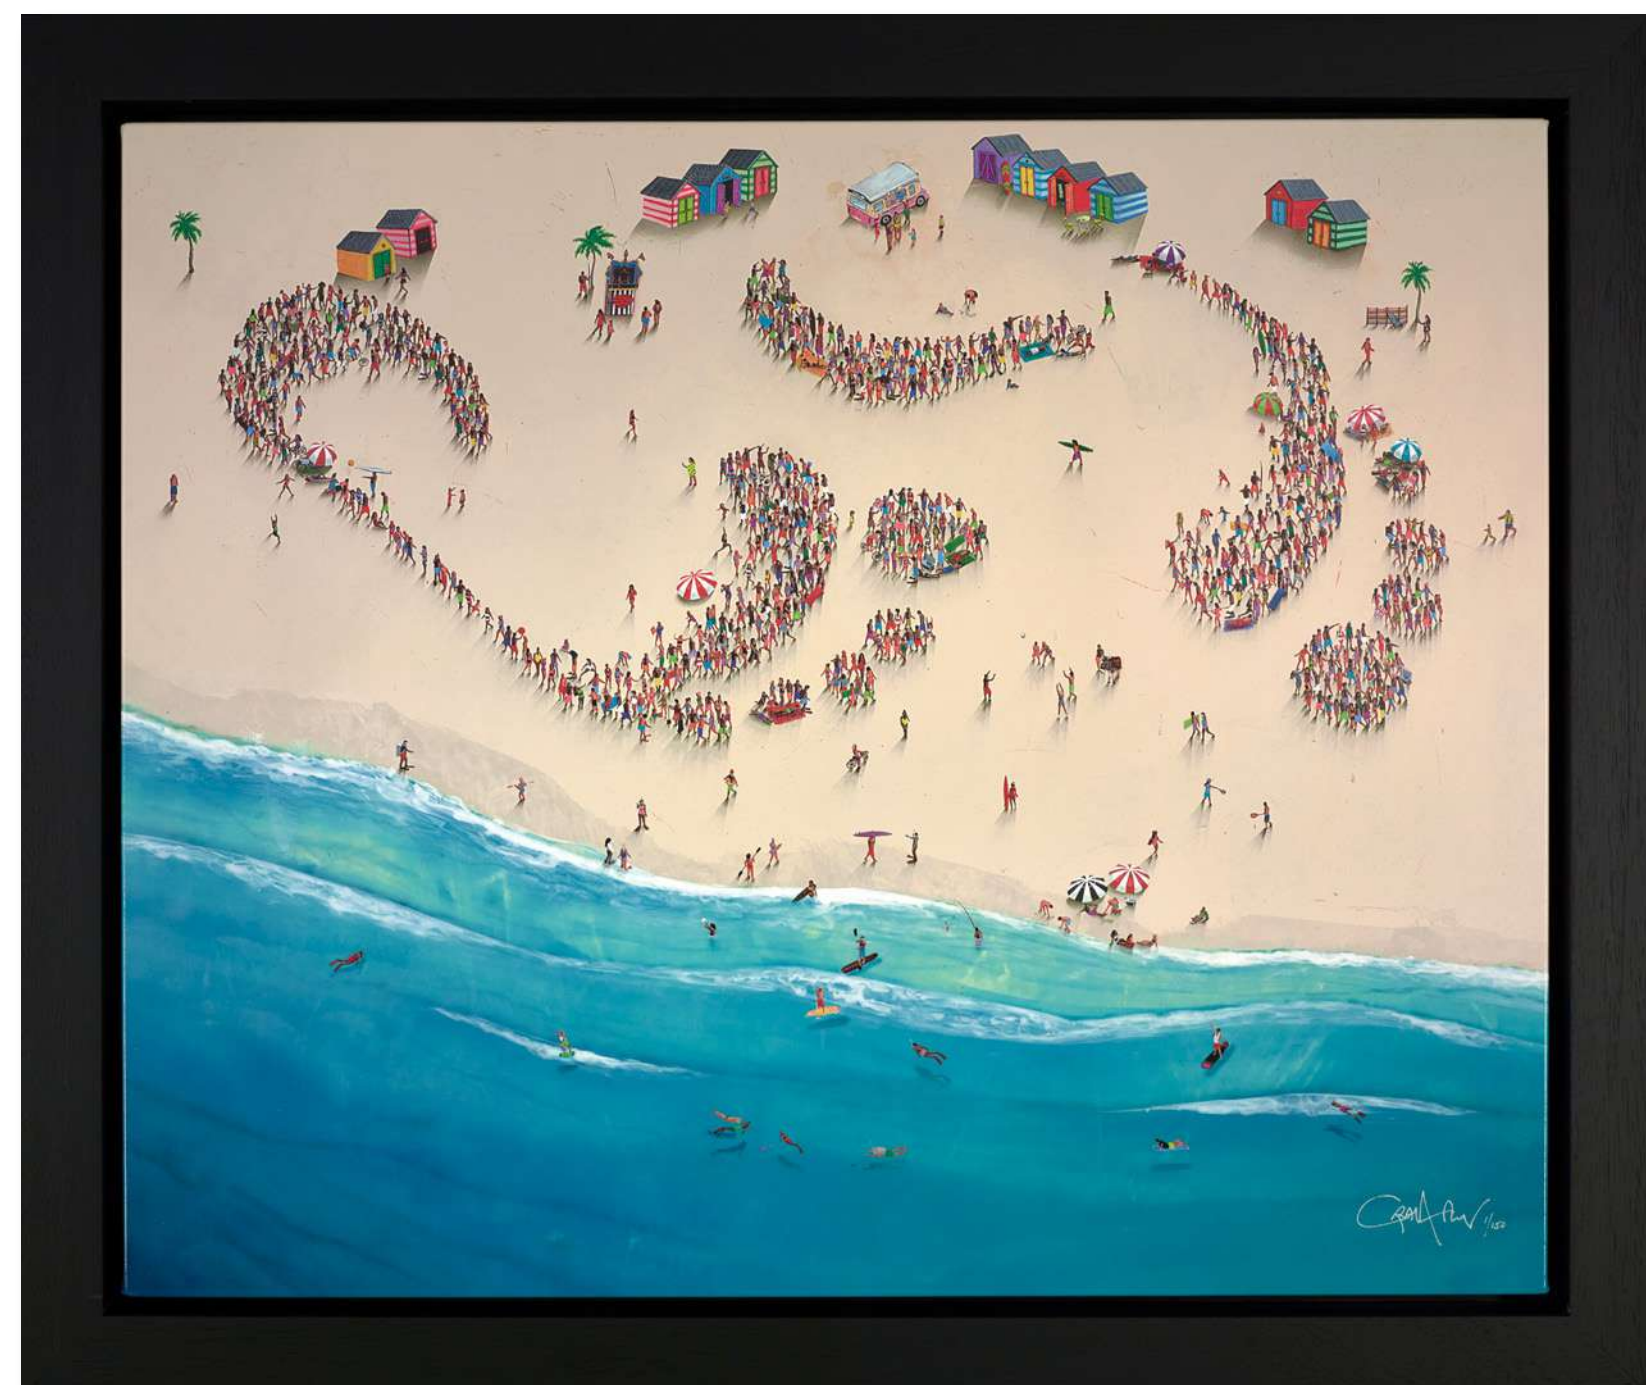

## DREAMING IN **COLOUR**

Embellished Box Canvas Edition of 150  
Image Size: 34 x 28  
Framed: £1,495

CRAIG'S LIMITED EDITIONS ARE PRESENTED AS STRETCHED BOX CANVAS WITH DETAILED HAND EMBELLISHMENT WHICH GIVES THEM A HIGHLY TEXTURED SURFACE AND RENDERS EACH ONE A UNIQUE COLLECTOR'S ITEM.

This witty and ingenious image shows footprints in the sand, but instead of being left behind by an individual the footprints are being created by the gathering of a crowd. Once again Craig is offering a fascinating comment on where we came from, where we're going, how we interact along the way and the legacy we leave behind us.
